

Compact & Travel-Friendly

IMICRO PD SERIES

The new Imicro-PD series, Mini V-Mount Battery, are ultra-compact, lightweight batteries which provide **Imicro-50P @ 49Wh**, **Imicro-98P @ 97Wh** and **Imicro-150P @ 145Wh**. They are suitable for powering DSLRs on a rig, camcorders, drones, and gimbals among others. Mounting the optional accessory cheese plate with rail holes, the **A-CPmicro** and affixing the **P-Vmicro** reduced size plate, allow for a rig system. Also, the **A-Vmicro2** hot swap plate, which is the only such plate which switches automatically, accommodates long shooting segments.

Product Features

- Ultra-compact form factor and light weight
- Utilize latest Lithium-ion cell for high performance and reliability
- 5 LED status indicator display the remaining battery capacity and Battery Life display with 3 LED steps
- Built-in USB-C PD (Power Delivery) – New protocol that provide more flexible power supplying and charging
- Built-in D-TAP - Supply 14V DC to accessories such as Monitor, Video recorder, or Light
- Built-in V-Torch - Useful when attaching the battery to a camera under dark working environments
- Digital communications - Display the accrued remaining time or capacity displayed in the viewfinder

Specifications

Capacity: 49Wh (Imicro-50P) / 97Wh (Imicro-98P) / 145Wh (Imicro-150P)

Max Draw: 7.2A / 13.1A / 14.0A

End Voltage: 11V

Protection: Over-charge, Over-discharge, Over-current, Thermal

Ambient Temperature: 32~104°F (Charge), -4~113°F (Discharge), -4~122°F (Storage)

Dimensions: 2.87(W) x 3.94(H) x 1.55(D) in / 2.87(W) x 3.94 (H) x 2.16(D) in / 2.87(W) x 3.94(H) x 2.80(D) in

Weight: 0.84 lb / 1.28 lb / 1.79 lb

Standard IDX two year warranty applies

MAP \$175 (Imicro-50P) / \$225 (Imicro-98P) / \$315 (Imicro-150P)
